<b>Penalty Fees</b>	
• <b>Late Payment</b>	Up to \$37
• <b>Returned Payment</b>	Up to \$37

**How We Will Calculate Your Balance:** We use a method called "average daily balance". See your account agreement for further information regarding how we calculate your balance.

**Billing Rights:** Information on your rights to dispute transactions and how to exercise those rights is provided in your account agreement.

**How We Will Calculate Your Variable APRs:** We calculate variable APRs by adding a margin to the highest U.S. Prime Rate published in the Money Rates section of The Wall Street Journal two business days (not weekends or federal holidays) before the closing date shown on your billing statement. The APR may increase or decrease each month if the Prime Rate changes. Any new rate will be applied as of the first day of your billing cycle during which the Prime Rate has changed. If the APR increases, you will pay a higher interest charge and may pay a higher minimum payment. The Prime Rate is simply a reference index and is not the lowest interest rate available. If The Wall Street Journal stops publishing the Prime Rate, we will select a similar reference rate.

**Prime Rate:** Variable APRs are based on the 7.5% Prime Rate as of Jan 08, 2025

**Purchase APR:** For Purchase transactions, we add a Margin of 9.74% to the Prime Rate of 7.5. The Purchase APR may increase or decrease each month if the Prime Rate changes, but will not exceed the maximum rate of 22.99%. The Monthly periodic rate of FINANCE CHARGES will be no less than 1.0825% and no greater than 1.91583%.

**Cash APR:** For Cash transactions, we add a Margin of 23.24% to the Prime Rate of 7.5. The Cash APR may increase or decrease each month if the Prime Rate changes, but will not exceed the maximum rate of 29.99%. The Monthly periodic rate of FINANCE CHARGES will be no less than 2.16583% and no greater than 2.49917%.

**Military Lending APR:** Effective October 1, 2017, Federal law provides important protections to members of the Armed Forces and their dependents relating to extensions of consumer credit. In general, the cost of consumer credit to a member of the Armed Forces and his or her dependent may not exceed an annual percentage rate of 36 percent. This rate must include, as applicable to the credit transaction or account: The costs associated with credit insurance premiums; fees for ancillary products sold in connection with the credit transaction; any application fee charged (other than certain application fees for specified credit transactions or accounts); and any participation fee charged (other than certain participation fees for a credit card account).
